

TRADE INVITATION LETTER
DIAGNOSTIC AND BASIC INTERVENTIONAL PROCEDURES IN FETAL
MEDICINE SHERATON HOTEL, HYDERABAD, TELANGANA
26TH – 28TH JULY 2019

Dear Colleague,

The Society of Fetal Medicine (SFM) is organising its second Diagnostic and Basic Interventional Procedures in Fetal Medicine Workshop & Course.

This will be held at Hotel Sheraton, Hyderabad, Telangana from 26th to 28th of July 2019.

This three day intense academic exercise will guide delegates through basic and interventional techniques, protocols & paper work. The programme will be highly interactive with plenty of discussion time. Each candidate will be supervised personally while performing punctures on simulators & ultrasound machines.

It is with great pleasure that we invite you to be a trade partner at this meet.

This meeting allows you to target your market audience face-to-face. You will gain exposure to an array of highly educated novices & experts who are prime prospects with significant purchasing power. Ultrasound Machine Manufacturers will get a huge opportunity for their ultrasound machines to be used by the attendees. Laboratories and diagnostic companies will have a never again opportunity to interact with novices and opinion leaders alike.

The tariff, as always, is structured in levels so that you may participate at the level most beneficial to your company.

Options	Sponsorship Opportunity	Price
1	Variably sized stalls in the exhibition area	
	Premium Stall Size – 4mX2m	Rs. 5 Lakhs +GST
	Grand Stall Size – 3mX2m	Rs. 2.5 Lakhs +GST
	Standard Stall Size - 2mX2m	Rs. 1.5 Lakhs +GST
	Table Space	Rs. 50,000 +GST

N.B.: Stage, Signage and Website co-branding will be proportionate to your companies total package

As has been our trademark, teas, coffees and lunches will be served confluent with the trade area to allow optimal interaction of trade and delegates during beverage and lunch breaks.

The Society of Fetal Medicine (SFM) as you know by now, is a global forum of Indian origin that envisions offering every fetus an optimal outcome. The society has been steadily pursuing its mission of opening minds to fetal healthcare needs and continues to be an evolving multidisciplinary organization. The primary objectives are to promote and expand education in ultrasound and to facilitate rapid translation of research findings into clinical application.

We are a multidisciplinary organization with members from the fields of radiology, genetics, obstetrics, fetal medicine, ultrasound, pediatrics, pediatric surgery, neonatology, pediatric cardiology, laboratory medicine, laboratory technology, infertility, community medicine, medical statistics, medical ethics, social work and psychology.

Please call or email us to discuss your involvement. Trade partnerships are coordinated by Vishal Mittal at +91 9312227181 or email at sfmsecretariat2017@gmail.com.
